

2015 Memoirs

We finished another successful Reunion this last June! We laughed; cried; and thoroughly enjoyed being together as we once again gathered for a time of renewing friendships.

The theme for the 2015 Reunion was "The Fabulous Fifties!" The decorations prepared by Wilma, and the costumes some of our members chose to wear were adorable, as we listened to fifties' music provided by RB. The programming was provided by Linda, who once again did a great job, and the food by Mary and Robert.

Our Entertainment was provided by "Little E," who did music by Elvis, Buddy Holly, Johnny Cash, you name it! (Even did one at the request of a member by the Everly Brothers (now, that was a trick!))

There are far too many folks who made it possible to list them all here, but thanks to all of you who did!
